Microland **makes digital happen** for global enterprises enabling them to deliver high-value business outcomes and superior end-user experiences.

We do this by integrating emerging technologies and applying automation, analytics and predictive intelligence to business processes.

The **Vision** of Microland HR is to **make digital happen** for all Microlanders.

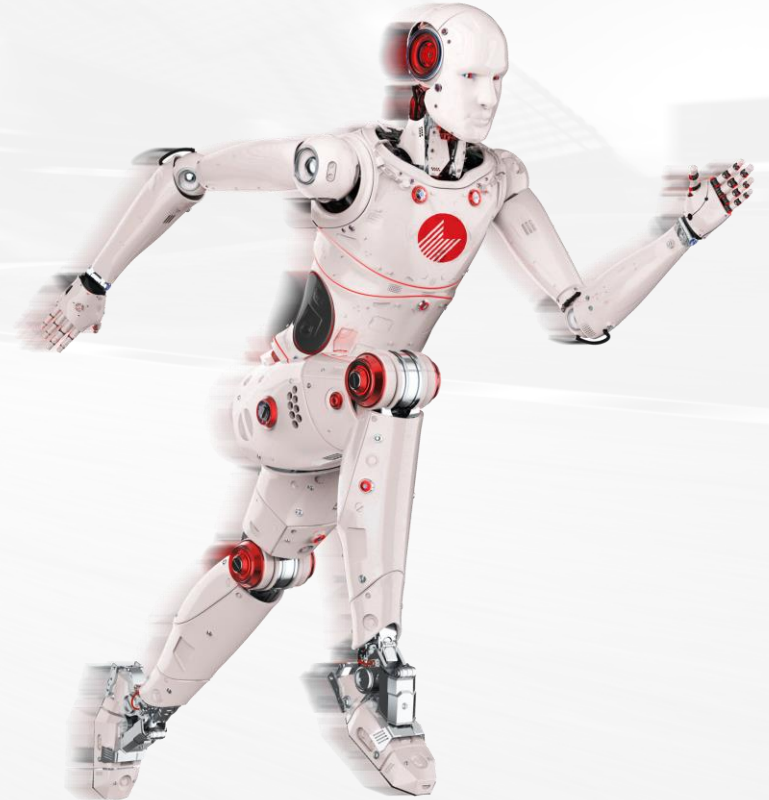

The #DigitalMicrolander

MICROLAND®

microlander

An indigenous hyperconverged new age platform - a consortium of databases, detailed & complex workflows, prescriptive & predictive business intelligence along with an intuitive UI/UX with role based access.
